

ADMISSIONS

Prospective students must go through our admissions process and be accepted to attend our school. Once the Admissions Department has received a complete application with the necessary records, an appointment will be scheduled for an orientation and interview. Prospective students along with their Parents/Legal Guardians are required to attend. The orientation gives prospective students and their guardians the opportunity to learn more about our program; while the interview gives us a chance to meet the prospective student along with their guardian to help determine if we are a proper placement. All applicants will be notified by mail within 2 weeks after the interview whether they are accepted into the program.

CHECK LIST

Please use the checklist below to ensure all forms are completed and sent back to the admissions department. All paperwork must be received before the interview process can begin.

- Completed Application
(Answer all questions with required signatures.)
